Fleet®

CAUTION:
REMOVE ORANGE
PROTECTIVE SHIELD
BEFORE INSERTING

Drug Facts

Active ingredient
(in each 5.4-mL average
delivered dose) **Purpose**
Glycerin 5.4 g.....Hyperosmotic laxative

Use for relief of occasional constipation

Warnings

For rectal use only

May cause rectal discomfort or burning sensation.

Ask a doctor before using any laxative if you have

- abdominal pain, nausea, or vomiting
- a sudden change in bowel habits lasting more than 2 weeks
- already used a laxative for more than 1 week

Stop using this product and consult a doctor if you have

- rectal bleeding
 - no bowel movement after use of a laxative
- These symptoms may indicate a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Drug Facts (continued)

Directions (continued)

Left-side position: Lie on left side with right knee bent and arms resting comfortably.

Knee-chest position: Kneel, then lower head and chest forward until left side of face is resting on surface with left arm folded comfortably.

Administering the laxative: **CAUTION: REMOVE ORANGE PROTECTIVE SHIELD BEFORE**

INSERTING. Hold unit upright, grasping bulb of unit with fingers. Grasp orange protective shield with other hand, pull gently to remove. With steady pressure, insert tip into rectum with a slight side-to-side movement, with tip pointing toward navel. **Do not force the applicator tip into the rectum, as this can cause injury.**

Insertion may be easier if person receiving suppository bears down as if having a bowel movement. This helps relax the muscles around the anus. Squeeze the bulb until nearly all liquid is expelled. While continuing to squeeze the bulb, remove tip from rectum and discard unit. It is not necessary to empty unit completely. The unit contains more than the amount of liquid needed for effective use. A small amount of liquid will remain in the unit after use.

Other information

- this product generally produces bowel movement within 15 minutes to 1 hour
- carton sealed for safety. If seal with Fleet emblem on bottom flap or top flap is broken or missing, do not use

Inactive ingredient edelate disodium, purified water
